

TESTIMONIAL

Experience: Rent-a-Resort

"Capricorn has held over 20 overseas conventions for its members and suppliers to many exotic destinations. In May 2006 we contacted Club Med in Sydney to ask what they could offer as a destination. The team got to work and we selected Club Med Kani in the Maldives. We booked the island exclusively for 2 weeks and over 700 people attended the May 2008 event. The organisation from Club Med was exceptional everything was worked out to the finest detail and the management and staff were the best I have ever encountered in my previous 17 conventions, and as one of the organisers I can speak from experience.

We received rave reviews from many of the guests and suppliers all of whom said it was the best they have been to and where are we going to next. We are currently working with Club Med on a destination for 2010; I know it will be spectacular."
